1. An **Examiner's Amendment** to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Muscone on 9/28 & 29/2008.

**In the claims:**

In the **last lines of claims 39 & 42**, change "," to -- . --.

In **claim 41**, line 1, change "claim 32" to -- claim 39 --.

In **claim 43**, line 1, change "claim 36" to -- claim 43 --.

2. The following is an examiner's statement of **reasons for allowance**: applicants' amendments of 6/19/2008 as set forth in the action of 3/26/2008, as well as including the formula which employs the measurements to determine corrosion depth with which the process is concerned, where clarifying amendments with respect to the measurements & formulas appear to provide significant meaning to the process.

Further art of interest, found during update of the search includes Pietruska et al. (7,360,678 B2) directed to repairing superalloy components of interest, but which lacks the present measuring techniques & is not prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
